Hi and welcome to my handmade Dream catcher Place!

I have been making "DREAM CATCHERS" for actually over 38 years now. I am Irish & Norwegian and just love the Native American artwork so I make my own. Each one I make is Different and much time & care goes into Each and Every One.

PRETTY &; COLORFUL and UNIQUE ;)

This particular one I made is made with a bit over 10" Diameter metal ring with Dark Pink Leather Lacing suede with 5 double straps of lacing suede, Webbing is made with Multi-color embroidery thread holding one Solid attached Wood Macaw finding and 4 Dangling painted (different color) wood macaw findings. At top is an Oval Large Concho with Multi-color Pony Beads hanging from that. There are 5 double straps of leather lacing and Each strap is holding a LARGE ASSORTMENT of Multi-color Pony Beads. On side strap there are 3 Larger Macaw Feathers (Blue Gold, Harlequin and Green), on 2 inner straps are 2 more long slender Pretty Macaw feathers and on Center Straps are 2 more (smaller) macaw Feathers. All Feathers are in Nice shape with Beautiful Colors.

Measuring this COL... PRETTY One... over 10" ... net long.
